I bought the Avia GtHT when it first came out for my CRT tv and home theater system. It was invaluable for helping calibrate my system, especially balancing the 5.1 surround sound and correcting the factory settings on my tv. I was able to significantly increase the performance of my system with this dvd.

Amazon.ca: DVD

Any home cinema room worth its salt has to have surround sound, which means speakers positioned to distribute different layers of sound. Most cinema rooms use 5.1 surround sound: the 'five' represents the five satellite speakers (three around or behind the screen (left, right and centre), and two at the rear of the room); the 'one' is the ...
