Human resource (HR)

governance is a relatively new construct that has recently begun

attracting more and more attention in both research and practice.

As a part of corporate governance, it represents the internal and external normative framework of human resource management and its supervision in

# Acces PDF Bateman And

organizations. This book theoretically integrates HR governance with the related domains of corporate governance, general management, HR management, and leadership. By doing so, it provides scholars and practitioners in the field with a precisely delineated system of theoretical concepts for their work and helps to

# Acces PDF Bateman And

translate these concepts into concrete research questions and practical guidelines. By interpreting the new ISO 30408 norm on human governance and taking into account recent developments, the book helps to comply with and anticipate current and future HR regulations.
