There are no words to describe Book 8 of the Afterlife Saga: Blood of the Infinity War, but since this review requires them I shall make what will doubtless be a feeble attempt. Those who have followed the story from the beginning have witnessed the metamorphosis of Keira from a frightened damaged soul to this final stage, a goddess of power and strength.

I loved the Afterlife series and am sad to let it go. I'll miss Kiera, all her friends, Lucius, and the Dravens - especially Dom. Blood of the Infinity Wars was a long time coming, and, while the beginning was a bit slow, the culmination was worth it.

world she has ever known... A world that is about to end.

This digital boxset includes all three books in The Blood Dagger Series and contains over 1,400 pages of magic, heroism, and strong protagonists-perfect for fans of Mortal Instruments and the CW's Supernatural. **THE OUTCASTS (Volume 1)** Mystical relics. Powerful vampires. Strange allies. It's hell being a teenager, especially if you're being hunted by vampires. Larna Collins has never understood why her dad skipped out on her and her mother when she was twelve years old. Until then, he was a devoted and loving father. But six years later, during a renovation of her childhood home, she unearths her father's journal from under a floorboard. According to his final entry before he left, he had recently visited a small parish in England. The entries drew her to this quaint village, which Larna discovers isn't as charming as its blood-craving inhabitants want her to believe, and she learns that she isn't the only one trying to track her father down. Could this explain her father's disappearance? Or was placing her in the center of danger her dad's master plan all along? **THE WATCHERS (Volume 2)** An upstart slayer. A clan of vampires. A world of trouble. Eighteen-year-old Corinth Taylor didn't sign up to become a Watcher—an elite warrior destined to restore balance to the human race—he was chosen. Corinth can barely control his own hormones . . . much less the deadly blade. And to make matters worse, his best friend, Larna, just so happens to be the very thing he's supposed to eliminate. But when vampires and slayer find a common enemy, Corinth knows it's his innate calling to hunt evil down. And evil has a name: Gabriel Stanton. The enigmatic vampire who escaped their capture, has plans for Corinth, Larna, and Alastair . . . and it's a threat they'll never see coming. When the line between good and evil gets crossed, devastating consequences start to happen. As Watcher and vampire worlds collide, Corinth must decide where to place his trust: with his old allies or his killer instincts. An upstart slayer. A clan of vampires. What could go wrong? It's only the end of the world. **TREE OF SOULS (Volume 3)** The first vampire. The last Nephilim. The end of a saga. Ever since his meeting with a group of all-powerful angels calling themselves the Grigori went awry, things aren't looking up for Corinth Taylor or for his best friend, Larna Collins. After Corinth was almost stabbed to death, Alastair Iszler, Corinth's brother-in-arms, heroically stepped in to save Corinth's life. Larna, still reeling after losing the love of her life, has only one mission in mind: kill the vampire who tortured Corinth. Sarah. But things aren't so cut and dry anymore when friends turn into enemies and enemies turn into friends. Trusting Gabriel Stanton, the leader of one of the most powerful vampire clans in the world, might just be enough to cause his downfall by her hands. Especially since she has the worst kind of history with him—the killing-your-father kind. Will Corinth make it through his transition to become a vampire? Will the Grigori's plan at world domination come into fruition? Can they pull together in time to stop the threat? Find out in the last and most action-packed novel in The Blood Dagger Series. It will not disappoint. A must-read from start to finish. Sink your teeth into a fun, fierce vampire series today.

Morbius the Living Vampire seeks to end his curse of a thirst for blood, and to stop a demonic cult from unleashing hell on Earth. Seeking to cure his rare blood disorder, Dr. Michael Morbius instead cursed himself with an insatiable lust for human blood. While trying to cure his horrific condition, he has become allied with Amanda Saint, whose sister Catherine is one of the leaders of the Demon-Fire Cult. Also known as Poison Lark, Catherine Saint has two goals above all else. She seeks to bring Satan to Earth, thus unleashing the powers of Hell, and to kill Morbius and Amanda. When Morbius and Amanda follow the cult's trail to New York City, they run afoul of an underground fight club that uses monsters as their pawns in the arena. The club captures Morbius and he becomes the star attraction, forced to kill or be killed.

Hey, it's your friendly neighborhood gamer girl, Annie. So yeah, I almost kinda sorta stopped my bro from killing all of the werewolf nobles with his crazy blood ritual. Unfortunately for everyone, he missed one, and now wannabe werewolf king Alabaster is trying to avenge his people by going on the kind of killing spree you'd see in an eighties B-grade horror flick. The only way to stop him is to seat Justin Bailey on the throne. There's just one tiny problem. While he's a swell guy, I have more power in my pinkie than he does in his whole body. Still, I think I can pull it off, but only if I'm willing to throw Justin to the wolves.

A New York Times, Publishers Weekly, and IndieBound bestseller! Balancing epic and intensely personal stakes, bestselling author Adam Silvera's *Infinity Son* is a gritty, fast-paced adventure about two brothers caught up in a magical war generations in the making. Growing up in New York, brothers Emil and Brighton always idolized the Spell Walkers—a vigilante group sworn to rid the world of specters. While the Spell Walkers and other celestials are born with powers, specters take them, violently stealing the essence of endangered magical creatures. Brighton wishes he had a power so he could join the fray. Emil just wants the fighting to stop. The cycle of violence has taken a toll, making it harder for anyone with a power to live peacefully and openly. In this climate of fear, a gang of specters has been growing bolder by the day. Then, in a brawl after a protest, Emil manifests a power of his own—one that puts him right at the heart of the conflict and sets him up to be the heroic Spell Walker Brighton always wanted to be. Brotherhood, love, and loyalty will be put to the test, and no one will escape the fight unscathed. Don't miss *Infinity Reaper*, the gripping sequel, which includes a special prequel short story starring Ness!

Space. Reality. Soul. A deadly threat emerged from the cosmos-and it was fulfilled. In the wake of Thanos's horrifying success, the people of Earth are left reeling in despair and confusion. Without any logical explanation for the blip-out event, those remaining must pick up the pieces. Doctor Erik Selvig and his associate Darcy Lewis are determined to find and understand the cause of the devastation. With a team of friends both old and new, they embark on a pursuit of knowledge, eager to discover the links between their own pasts and the stones that decimated half of humanity--the Infinity Stones. Little do they know that a new foe who threatens to destroy them all is looming... © 2018 MARVEL

In the court of every city in the lands of Ro, a sorceress sits. And in the minds of that city's people, each sorceress weaves a song. She and her sisters sing of the liberation of the land, the taming of the highland tribes, and the birth of a precious new race: the children of a dead god. Of course, they do not sing of the death of young Prince Christophe at the hands of that god. Particularly as his replacement dances so well to their tune. Yet all songs have an end. An ending speeded when the assassin Rham Jas Rami accepts a commission from Bromvy Black Guard, traitor duke of Canarn. The rebellion of Ro has begun...
