### Coffee Life In Japan Merry

Japanese coffee life is lively and has been actually doing very well since almost 100 years. Most of the innovation and filter coffee trends have been perfected in Japan. When Italy developed their espresso culture Japan specialised in pour overs.

### Coffee Life in Japan (Volume 36): White, Merry ...

This fascinating book—part ethnography, part memoir—traces Japan's vibrant café society over one hundred and thirty years. Merry White traces Japan's coffee craze from the turn of the twentieth century, when Japan helped to launch the Brazilian coffee industry, to the present day, as uniquely Japanese ways with coffee surface in Europe and America. White's book takes up themes as diverse as gender, privacy, perfectionism, and urbanism.

White's book takes up themes as diverse as gender, privacy, perfectionism, and urbanism.

### Coffee Life in Japan by Merry White - Goodreads

"Combining unmistakable relish for the subject with decades of academic expertise, Merry White skillfully demonstrates that the *cafand#233*, not the teahouse, is a core space in urban Japanese life. Her portrait of their endurance, proliferation, and diversity aptly illustrates how coffee drinking establishments accommodate social and personal needs, catering to a range of tastes and functions.

"Cafes are where change happens and people feel most themselves. In this surprising book we see how Japan came of age in the café—where women became free, where people jazz and poetry could reign. And, of course, where coffee is at its perfectionist best. Always a congenial companion and teacher, Merry White shows us a whole society in a beautifully made cup." —Corby Kummer, *The Atlantic* "Merry White's book is vital reading for anyone interested in culture and coffee, which has a surprising and surprisingly long history in Japan. Tracing the evolving role of the country's cafes, and taking us on armchair visits to some of the best, White makes us want to board a plane immediately to sample a cup brewed with 'kodawari,' a passion bordering on obsession." —Devra First, *The Boston Globe* "Coffee Life in Japan features highly engaging history and ethnographic detail on coffee culture in Japan. Many readers will delight in reading this work. White provides an affectionate, deeply felt, well reasoned book on coffee, cafes, and urban spaces in Japan."—Christine Yano, author of *Airborne Dreams: "Nisei"*

Stewardesses and Pan American World Airways "Combining unmistakable relish for the subject with decades of academic expertise, Merry White skillfully demonstrates that the café, not the teahouse, is a core space in urban Japanese life. Her portrait of their endurance, proliferation, and diversity aptly illustrates how coffee drinking establishments accommodate social and personal needs, catering to a range of tastes and functions. It is a lovely and important book not only about the history and meanings of Japan's liquid mojo, but also about the creation of new urban spaces for privacy and sociality." –Laura Miller, author of *Beauty Up: Exploring Contemporary Japanese Body Aesthetics*

It is a lovely and important book not only about the history and meanings of Japan's liquid mojo, but also about the creation of new urban spaces for privacy and sociality." --Laura Miller, author of *Beauty Up: Exploring Contemporary Japanese Body Aesthetics*

This fascinating book—part ethnography, part memoir—traces Japan's vibrant café society over one hundred and thirty years. Merry White traces Japan's coffee craze from the turn of the twentieth century, when Japan helped to launch the Brazilian coffee industry, to the present day, as uniquely Japanese ways with coffee surface in Europe and America. White's book takes up themes as diverse as gender, privacy, perfectionism, and urbanism. She shows how coffee and coffee spaces have been central to the formation of Japanese notions about the uses of public space, social change, modernity, and pleasure. White describes how the café in Japan, from its start in 1888, has been a place to encounter new ideas and experiments in thought, behavior, sexuality, dress, and taste. It is where a person can be socially, artistically, or philosophically engaged or politically vocal. It is also, importantly, an urban oasis, where one can be private in public.

Are Japanese families in crisis? In this study, Merry Isaacs White looks back at two key moments of 'family making' in the past hundred years - the Meiji era and postwar period - to see how models for the Japanese family have been constructed.

This timely book satisfies the new interest and taste for Japanese food, providing information on foodstuffs, cooking styles, etiquette, and more.

As she describes the youth culture of Japan, Merry White draws comparisons with the interests and activities pursued by teenagers in the United States and the contrasting attitudes of adults in Japan and the U.S. towards adolescence. The result is both engrossing and enlightening.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

How workers navigate race, gender, and class in the food service industry Two unequal worlds of work exist within the upscale restaurant scene of Los Angeles. White, college-educated servers operate in the front of the house—also known as the public areas of the restaurant—while Latino immigrants toil in

the back of the house and out of customer view. In *Front of the House, Back of the House*, Eli Revelle Yano Wilson shows us what keeps these workers apart, exploring race, class, and gender inequalities in the food service industry. Drawing on research at three different high-end restaurants in Los Angeles, Wilson highlights why these inequalities persist in the twenty-first century, pointing to discriminatory hiring and supervisory practices that ultimately grant educated whites access to the most desirable positions. Additionally, he shows us how workers navigate these inequalities under the same roof, making sense of their jobs, their identities, and each other in a world that reinforces their separateness. *Front of the House, Back of the House* takes us behind the scenes of the food service industry, providing a window into the unequal lives of white and Latino restaurant workers.

When *Cooking for Crowds* was first published in 1974, home cooks in America were just waking up to the great foods the rest of the world was eating, from pesto and curries to Ukrainian pork and baklava. Now Merry White's indispensable classic is back in print for a new generation of readers to savor, and her international recipes are as crowd-pleasing as ever--whether you are hosting a large party numbering in the dozens, or a more intimate gathering of family and friends. In this delightful cookbook, White shares all the ingenious tricks she learned as a young Harvard graduate student earning her way through school as a caterer to European scholars, heads of state, and cosmopolitans like Jacqueline Kennedy Onassis. With the help of her friend Julia Child, the cook just down the block in Cambridge, White surmounted unforeseen obstacles and epic-sized crises in the kitchen, along the way developing the surefire strategies described here. All of these recipes can be prepared in your kitchen using ordinary pots, pans, and utensils. For each tantalizing recipe, White gives portions for serving groups of six, twelve, twenty, and fifty. Featuring a lively new introduction by White and Edward Koren's charming illustrations, *Cooking for Crowds* offers simple, step-by-step instructions for easy cooking and entertaining on a grand scale--from hors d'oeuvres to desserts.
