SAGE Reference - The SAGE Dictionary of Policing

A body sanctioned by local, state, or national government to enforce laws and apprehend those who break them. The police force as we know it came into being in England in the 1820s when Sir Robert Peel established London's first municipal force. Before that, policing had either been done by volunteers or by soldiers.

community policing in British English. noun. the assigning of the same one or two police officers to a particular area so that they become familiar with the residents and the residents with them, as a way of reducing crime. Collins English Dictionary. Copyright © HarperCollins Publishers.

The SAGE Dictionary of Policing is the definitive reference tool for students, academics and practitioners in police studies. The Dictionary delivers a complete guide to policing in a comprehensive, easy-to-use format. Contributions by 110 of the world's leading academics and practitioners based in 14 countries map out all the key concepts and topics in the field. Each entry includes: " a concise definition " distinctive features of the concept " a critical evaluation " associated concepts, directing readers to linked entries " key readings, enabling readers to take their knowledge further. In addition, The SAGE Dictionary of Policing offers online resources, including free access to key articles and links to useful websites. This is a must-have for students, lecturers, researchers and professionals in police studies, criminology and criminal justice. It is the ideal companion to the SAGE Dictionary of Criminology: together the two books provide the most authoritative and comprehensive guide available. Alison Wakefield is Senior Lecturer in Criminology at the University of New South Wales. She was previously based at City University, London. Jenny Fleming is Professor at the Tasmanian Institute of Law Enforcement Studies, University of Tasmania.

Covers the rapidly developing and increasingly professionalized field of contemporary policing with its new emphasis on skills, standards and knowledge.

Contemporary policing faces many challenges, is developing rapidly and has become increasingly professionalised, with a new emphasis on skills, standards and knowledge via new National Occupational Standards and the Police Development and Learning Programme. At the same time the academic study of policing has become an increasingly important and popular field in both universities and colleges. This UK dictionary is the essential reference and companion for people working in and studying policing, and anybody else - working in other agencies of the criminal justice system and beyond - needing to know about the ideas and concepts of policing.

An overview of police studies in an easy-to-use format, this dictionary contains over 200 entries to map out all the key topics in the field. Each entry includes a concise definition, a description of distinctive features, critical evaluation of the concept, internal cross-referencing and key readings.

Protest and political violence are concerns of global importance in the twenty-first century. This dictionary brings together in one comprehensive volume a number of key issues relating to the conduct of protest and political violence and the response of the state and police to such activities.

Combines a dictionary of key legal terms with an index of leading United States Supreme Court cases indexed by type of case, such as death penalty, right to counsel, and searches and seizures.

Keeping in view the role of the police in a modern society, the respect for the rule of law and the trust of the community as a critical resource, more and more police organizations around the world have embraced Community Policing with the objective of making the police sensitive to the needs of the community. However, in the absence of an institutional and legal framework and a resultant lack of understanding of the dynamics of policy processes, many such initiatives failed to stand the tes...

'If the First Edition was an invaluable guide for students, the Second is well nigh indispensable. I can think of no better starting point for those wanting a "quick fix" on any given criminological topic' - Professor Tony Jefferson, Keele University 'Since its initial publication in 2001, I've steadfastly kept The SAGE Dictionary of Criminology within easy reach of my desk, referring to it countless times in writing articles, books, and lectures. I've found it to be a remarkable book - a comprehensive dictionary, certainly, but as much so a significant achievement in intellectual inquiry. It may seem odd to say of a dictionary, but it really is one of my favourite books; the only book that can replace it on my deskside bookshelf is this Second Edition, whose new entries confirm the editors' grasp of contemporary criminology in all its excitement and complexity' - Professor Jeff Ferrell, Texas Christian University 'The welcome inclusion of entries on contemporary theoretical and policy concerns ranging from Anti Social Behaviour, Eco crime and Emotions through Forensic Anthropology, Globalisation, Governance and Mentoring to Sex Crime, Virtual Criminology and What Works?, adds to the well established strengths of the first edition. The entries, all written by established scholars, provide a clear, concise and critical introduction to criminological concepts and constitute an invaluable resource for all criminology students and academics' - Professor Hazel Croall, Glasgow Caledonian University 'It is unusual for a dictionary to be interesting, but this one manages to be both compelling and useful for faculty and students across a range of disciplines and orientations who are commonly interested in criminology. The SAGE Dictionary of Criminology is also distinctive in providing a literally encyclopaedic compendium of information that has been carefully placed in social, cultural and political contexts.' - Professor Lynn Chancer, Hunter College, City University of New York 'The list of new entries is quite impressive. Once you've read them, you start to wonder how come that the First Edition of The SAGE Dictionary of Criminology already felt so complete' - Dr Ren van Swaaningen, Erasmus

University, Rotterdam `Thoughtful evaluations of the key concepts criminologists must think about by quality contributors who include many of the world's leading criminologists' - Professor John Braithwaite, Australian National University The Second Edition of the bestselling SAGE Dictionary of Criminology is the ultimate reference tool for students of criminology and criminal justice. It provides an accessible introduction to key theories, concepts and topics, offering comprehensive guidance through the field. The editors have brought together a group of internationally prominent academics and practitioners to produce this definitive reference and research tool. Each entry contains: " a definition of the concept or topic " distinctive features offering detailed comment on the concept's origins, development and general significance " evaluation of those concepts considered to have greatest theoretical weight and lasting legacy " associated concepts for cross-referencing and mapping connections across various fields and issues " key readings to enable the student to take their knowledge further The new edition contains thirty-six new entries covering subjects such as anti-social behaviour, globalization, human trafficking and terrorism. Selected entries have been revised and updated. This comprehensive text is the essential reference point for all students of criminology and criminal justice, at all levels. Praise for the First Edition `The compilers have done criminology a tremendous service. This dictionary is an invaluable resource for students and teachers and I'm certain will be a key reference work for years to come' - Professor Tim Newburn, London School of Economics `Great dictionaries inform, intrigue and investigate. McLaughlin and Muncie's perceptive collection does all three. The SAGE Dictionary of Criminology is wide and accessible enough to interest anyone concerned with crime, the law and the panoply of issues and explanations that surround them. This admirable volume will inform, guide and contribute to debates in the years ahead' - Ellis Cashmore, Professor of Culture, Media and Sport, Staffordshire University, author of Dictionary of Race and Ethnic Relations and co-editor of Dictionary of Cultural Theorists `McLaughlin and Muncie have assembled an impressive list of international contributors and have succeeded in putting together a wonderfully entertaining booke the Dictionary belongs on every criminologist's bookshelf' - Professor George Mair, Liverpool John Moores University (Criminal Justice: An International Journal 2:2) `The main strength of the projecte lies in its attempts at integration of a wide range of themes and theoretical perspectives under one set of covers' - Professor John Raine, University of Birmingham (Youth Justice 2:1) `There is a genuine international feel to the compilation as a whole.e Nowadays, such has criminology grown, it is barely possible to keep up even in a narrowly defined sub-field, and a new dictionary is essential. Anyway, we will all have to read it because our students will. What a relief that it is such a pleasure to do so' - Jason Ditton, University of Sheffield (British Journal of Criminology 43:2)

Tom Swift and His Electric Rifle is the tenth book in the original Tom Swift series. "Every boy possesses some form of inventive genius. Tom Swift is a bright, ingenious boy and his inventions and adventures make the most interesting kind of reading.". "These spirited tales convey in a realistic way, the wonderful advances in land and sea locomotion and other successful inventions. Stories like these are impressed upon the memory and their reading is productive only of good.". Tom Swift is the young protagonist in this series of juvenile adventure novels which began in the.

Covers the history of law enforcement from policing under Caesar Augustus to such present-day events as Rodney King and the LAPD.
