1. The money you make matters, the money you save matters. An often passed around sentiment is that “It’s not about how much money you make, it’s about how much you save.” And while this is valuable advice for a good percentage of the world that overspends and lives beyond their means, it isn’t an either/or equation, but rather a both/and.

Stop working for your money—and put your money to work for you! Tens of thousands of readers trust Dan Solin's advice when it comes to investing, managing their portfolios and their 401(k)s, and planning for retirement. Now Solin offers the smartest guide to money management and financial planning yet. From managing your debt, maximizing savings, and making smart decisions about home ownership (or not) to insurance, investing, and retirement, The Smartest Money Book You'll Ever Read will be your guide to financial independence for a lifetime—and beyond. Written in the same no-nonsense style as his previous bestsellers, The Smartest Money Book You'll Ever Read breaks financial planning and money management into bite-size pieces—with immediately actionable advice. Covering the key tasks in every area of personal finance, Solin shows you how to:

- Analyze your money problems and get motivated to solve them
- Get out of debt fast, and draw up a budget you can live on—and live with
- Blow off useless commission-based advisors and learn to take control of your own financial future
- Buy the health/life/disability/auto insurance you need—and only what you need
- Invest so that—finally—your money works for you, not someone else

Step by simple step, this is advice that you can actually understand and follow. You can avoid debt-addiction and other financial hazards, as well as learn to harness the power of the web to put your money to work. The Smartest Money Book You'll Ever Read is recommended by Mint.com, the world's largest free online financial planning site, for use by its members. However, all of the advice in this book is readily accessible to all readers.

Your guide to achieving personal financial success from the beginning! \$1 from every book sold goes directly to benefitting a children's education charity. CONGRATULATIONS! Please take a moment to pause and celebrate yourself. You are taking a massive leap forward in your life and, after you finish this book, you will have all the tools you need to make outstanding financial decisions every single day for the rest of your life! This book is for you if: You feel like you could have a better understanding of how to manage your money that's congruent with your goals. You're like the average kid in America and you never learned how to manage your money. You're a parent who wants to help educate your kids, so that they can excel in every area of their lives, including their finances. You're a recent college graduate and you want to get started on the right track financially. You're graduating high school and want to know how to build a solid financial foundation. You're working on getting your financial house in order. You want to learn more about finances and integrate healthier financial habits into your life. I run into so many people these days that are just confused about everything going on with their finances. Many of these people happen to be close friends and family, and I'm determined to help. Let's all be honest here: Between bankers, planners, brokers, attorneys, accountants, and 17 other professionals you could easily spend more money than you probably have in your bank just trying to find the right advice. We don't learn personal finance in school and the world just serves to confuse us more the longer we spend in it. The other unspoken thing is that everyone thinks their method, or their plan, is the best way or the only way. The truth about finance is that there's a lot of "gray" area. There are multiple solutions to one problem. There are multiple pathways to every outcome. I'm here to clear everything up. My personal mission is to help young professionals take control of their financial lives by creating a "pay yourself first" system, avoiding unnecessary costs, asking better questions, and becoming empowered through knowledge. In my head, by reading this book, you will learn so much about all aspects of personal finance, that you will become a resource among your group of friends for all things finance, regardless of what you do for a living. It's a lofty goal.
