This paper addresses formal translation of Tang poetry (Lü shi and Jue ju), with an intention to reveal what forms of Tang poetry can and/or cannot be reproduced in the target language. In attempting to understand the formal properties of Tang poetry, it is important to define the form of Tang poetry.

A Case Study of Formal Translation of Tang Poetry

These five influential poets wrote throughout the Song and Tang Dynasties and produced a number of poems spanning several different genres: 白居易 (bái jū yì) Bai Juyi (772-846)

Five Examples of Chinese Poetry with English Translations

The representative form of poetry composed during the Tang dynasty is the shi. This contrasts to poetry composed in the earlier Han dynasty and later Song and Yuan dynasties, which are characterized by fu, ci and qu forms, respectively. However, the fu continued to be composed during the Tang dynasty, which also saw the beginnings of the

Five great poets of the T'ang dynasty (eighth and ninth centuries A.D.) are represented in this collection: Wang Wei, Li Po, Tu Fu, Li Ho, and Li Shang-Yin. Each poet is introduced by the translator and represented by a selection that spans the poet's development and career. These constitute some of the greatest lyric poems ever written.

The author of Black Lab presents a compelling new translation of the works of the eighth-century Chinese poet, accompanied by introductory observations that place the poems in context of place, time, and

Du Fu (712–777) has been called China's greatest poet, and some call him the greatest nonepic, nondramatic poet whose writings survive in any language. Du Fu excelled in a great variety of poetic forms, showing a richness of language ranging from elegant to colloquial, from allusive to direct. His impressive breadth of subject matter includes intimate personal detail as well as a great deal of historical information—which earned him the epithet "poet-historian." Some 1,400 of Du Fu's poems survive today, his fame

resting on about one hundred that have been widely admired over the centuries. Preeminent translator Burton Watson has selected 127 poems, including those for which Du Fu is best remembered and lesser-known works.

This book examines the development of English-translated Tang poetry and its propagation to the Western world. It consists of two parts, the first of which addresses the initial stage of English-translated Tang poetry's propagation, and the second exploring its further development. By analyzing the historical background and characteristics of

these two stages, the book traces the trend back to its roots, discusses some well-known early sinologists and their contributions, and familiarizes readers with the general course of Tang poetry's development. In addition, it presents the translated versions of many Tang poems. The dissemination of Tang poetry to the Western world is a significant event in the history of cross-cultural communication. From the simple imitation of poetic techniques to the acceptance and identification of key poetic concepts, the Tang poetry translators gradually constructed a classic "Chinese style" in modern American

poetry. Hence, the traditional Chinese culture represented by Tang poetry spread more widely in the English-speaking world, producing a more lasting impact on societies and cultures outside China – and demonstrating the poetry's ability to transcend the boundaries of time, region, nationality and culture. Due to different cultural backgrounds, the Tang poets or poems admired most by Western readers may not necessarily receive high acclaim in China. Sometimes language barriers and cultural differences make it impossible to represent certain allusions or cultural and ethnic

concepts correctly during the translation process. However, in recent decades, the translation of Tang poetry has evolved considerably in both quantity and quality. As culture is manifested in language, and language is part of culture, the translation of Tang poetry has allowed Western scholars to gain an unprecedented understanding of China and Chinese culture.

bohemian traveler through seventeenth-century Japan, is a poet attuned to the natural world as well as humble human doings; "Piles of quilts/ snow on distant mountains/ I watch both," he writes. His work captures both the profound loneliness of one observing mind and the broad-ranging joy he finds in our connections to the larger community. David Young, acclaimed translator and Knopf poet, writes in his introduction to this selection, "This poet's consciousness affiliates itself with crickets, islands, monkeys, snowfalls, moonscapes, flowers, trees, and ceremonies...Waking and sleeping, alone and

The Columbia Book of Chinese Poetry presents translations of more than 420 poems by 96 poets drawn from the great ages of Chinese poetry. It begins with selections from the Book of Odes, the oldest anthology of Chinese poetry compiled around the seventh century B.C., and covers the succeeding generations down to the end of the Sung dynasty in A.D.

1279. Important poets such as T'ao Yüan-ming, LiPo, Tu Fu, Su Tung-p'ó, and Lu Yu are treated in separate sections with generous samplings from their works, while lesser poets are represented in chapters devoted to the particular era in which they lived. A general introduction discusses the major characteristics and forms of traditional Chinese poetry, while introductory essays to the individual chapters outline the history of poetic development in China over the centuries.

translated and edited by the renowned poet and translator David Hinton, a new generation will be introduced to the work that riveted Ezra Pound and transformed modern poetry. The Chinese poetic tradition is the largest and longest continuous tradition in world literature, and this rich and far-reaching anthology of nearly five hundred poems provides a comprehensive account of its first three millennia (1500 BCE to 1200 CE), the period during which virtually all its landmark developments took place. Unlike earlier anthologies of Chinese poetry, Hinton's book focuses on a relatively small

number of poets, providing selections that are large enough to re-create each as a fully realized and unique voice. New introductions to each poet's work provide a readable history, told for the first time as a series of poetic innovations forged by a series of master poets. From the classic texts of Chinese philosophy to intensely personal lyrics, from love poems to startling and strange perspectives on nature, Hinton has collected an entire world of beauty and insight. And in his eye-opening translations, these ancient poems feel remarkably fresh and contemporary, presenting a literature both
