~~Forces of Habit: Drugs and the Making of the Modern World ...~~

Courtwright gathers up historical, scientific, literary, artistic, and public policy references on psychoactive substances, legal and illegal, to show how drug usage was as much an outgrowth of market forces as cultural habits. Drugs were commerce and currency and moved from geographically limited areas of cultivation to worldwide consumption, with ever more efficient means of production and supply driving down prices and thereby opening markets to the poorest.

presents a fresh and discerning discussion of contemporary issues and problems surrounding both illicit and legalized drugs.

~~Forces of Habit: Drugs and the Making of the Modern World ...~~

Forces of Habit more of a general history than his early works, which primarily dealt with narrow topics. In the book, Courtwright traces the spread of drug use (and abuse) from isolated, local customs to the largescale manufacture and distribution seen today. He explores the history of all psychoactive substances, both legal and illegal.

Drugs, we are told, have figured prominently in sexual bartering. But, of course, so have money, jewelry and other gifts. Drug use has historically been an impediment to upward mobility. Is that a cause, effect or correlation? Lack of education is also an impediment to upward mobility. Industrialization has made drug abuse more likely and more visible.
