I know the manual says the oil capacity including the filter is 4.4 quarts but I've read on here and other places that it takes 5 quarts to get to the full line. I always have a hard time seeing where the oil mark is on the dipstick on new oil so should I just go with the 4.4 quarts or should I put the full 5 in there?

How much oil to put in? | Honda Element Owners Club

should be in yur manual. u have to u honda or trans will start to slip over time. and u have to make sure u have the correct fluid. there are to kinds of trans fluids. between 2.5 qts or 3.5qts depending on how much u drain. just get 4 qt. that way u have an extra qt just in case. 22 people found this helpful.
