How to Archer: The Ultimate Guide to Espionage, Style ...

Hi. I see you ' re reading the back of my book. This tells me that you either: A) are hoping to find a brief summary of what to expect from a how-to book by Sterling Archer, the world ' s greatest secret agent, or B) don ' t know how books work. If your answer was " A, " your best bet is probably the table of contents, which is where you ' ll find the " contents " of this book listed in a convenient, easy-to-read " table " format. So maybe go check that out for a minute and then come back here. I ' ll wait. . . . Pretty cool, right? What other book will teach you how to dress properly and how to drive an elephant? How to field strip an AK-47 and how to haggle with a Thai prostitute—in her native tongue? How to pilot an airboat and how to make about a million delicious cocktails, including a Molotov one? How to kill a guy and how to prepare a fabulous brunch? Plus how to do tons of other stuff that I forgot, but that is nonetheless probably in this book (which, to be honest, I really only kinda skimmed). So if you want to learn more about how to be more—or at all—like Sterling Archer, the world ' s greatest secret agent, quit smearing your greasy fingerprints all over this book and buy it. For one thing, I really need the royalties. For another thing, the last time I checked, this wasn ' t a damn library. (Note: If your answer was " B, " this probably isn ' t the book you want to start with.)

Lying is like 95% of what I do. But believe me: in this book, I ' ll let you know exactly how to become a master spy just like me. Obviously, you won ' t be as good at it as I am, but that ' s because you ' re you, and I ' m Sterling Archer. I know, I know, it sucks not being me. But don ' t beat yourself up about it, because I ' m going to show you all the good stuff—what to wear; what to drink; how to seduce women (and, when necessary, men); how to beat up men (and, when necessary, women); how to tell the difference between call girls and hookers (hint: when they ' re dead, they ' re just hookers) and everything about weapons, secret devices, lying ex-girlfriends, and turtlesnecks. In a word? How to Archer.

If a strange, beautiful woman offered to take you away from your dead-end life to a wonderful new world, would you go?What if, in this strange new world, your greatest talent was the key to restoring magic and saving a kingdom? Still on board?How about if you would win the hearts of a beautiful elven princess, a noble warrior woman, and a cunning fox-el? All sounds good, right?But what if there was an army of beasts and twisted elves standing in your way, trying to kill you and your friends? And how about the maniacal mastermind that stole the magic away in the first place? Think you could handle him?Well, you could... if you were an Ultimate Mage. Ready to get started?

A fully illustrated and highly visual guide to everything Archer—from storyboards to character sketches to script excerpts—making it a collector ' s item for Archer fans everywhere. The Art of Archer is a comprehensive look behind the scenes of the award-winning animated series. Featuring 240 pages of concept art, exclusive interviews, script excerpts and the never-before-released original pitch for the series, this amazing collection offers an utterly unique view of the Archer creative process. Commentary from the crew will walk fans all the way from squiggles to the gorgeous final picture, detailing not only their process but their history as well. Exclusive interviews with the Emmy-nominated cast offer insights to their beloved characters and a glimpse of their favorite moments. With storyboards, costume designs, reference photographs, immaculate background paintings and more, this is Archer as you have never seen it. The Art of Archer is a must have companion to the groundbreaking animated series, for fans and cinephiles alike.

Archer's Bible presents an informative and comprehensive guide to archery equipment, accessories and related gear, showcasing thousands of items ranging from the latest high-tech bows and arrows to tree stands. 64 photos.

Archer's Bible: The Ultimate Guide to Archery Equipment, Accessories and Gear

Jeffrey Archer's mesmerizing saga of the Clifton and Barrington families continues... 1945, London. The vote in the House of Lords as to who should inherit the Barrington family fortune has ended in a tie. The Lord Chancellor's deciding vote will cast a long shadow on the lives of Harry Clifton and Giles Barrington. Harry returns to America to promote his latest novel, while his beloved Emma goes in search of the little girl who was found abandoned in her father's office on the night he was killed. When the general election is called, Giles Barrington has to defend his seat in the House of Commons and is horrified to discover who the Conservatives select to stand against him. But it is Sebastian Clifton, Harry and Emma's son, who ultimately influences his uncle's fate. In 1957, Sebastian wins a scholarship to Cambridge, and a new generation of the Clifton family marches onto the page. But after Sebastian is expelled from school, he unwittingly becomes caught up in an international art fraud involving a Rodin statue that is worth far more than the sum it raises at auction. Does he become a millionaire? Does he go to Cambridge? Is his life in danger? Best Kept Secret, the third volume in Jeffrey Archer's bestselling series, will answer all these questions but, once again, pose so many more.

Offers fourteen stories of intrigue and surprising twists, many of which are based on incidents recounted to the author in his travels throughout the world.

The trouble started when Howard Sykes came home from school and found the "goon" sitting in the kitchen. He said he'd been sent by Archer. But who was Archer? It had to do with the 2,000 words that Howard's author father had failed to deliver. It soon became clear not only that Archer wanted those words, but that his wizard siblings, Hathaway, Dillian, Shine, Torquil, Erskine, and Venturus, would also go to any lengths to get them. Although each wizard ruled a section of the town, he or she was a prisoner in it. Each suspected that one of them held the secret behind the words, and that secret was the key to their freedom. Which one of them was it? The Sykes family become pawns in the wizards' fight to win their freedom, wrest control from one another, and fan out to rule the world. Diana Wynne Jones skilfully guides the reader through a riveting, twisty plot, with satisfying surprises at every amazing turn. An exciting science fiction adventure where, happily, nothing is what it first seems to be.

The first book in Ross Macdonald's acclaimed Lew Archer series introduces the detective who redefined the role of the American private eye and gave the crime novel a psychological depth and moral complexity only hinted at before. Like many Southern California millionaires, Ralph Sampson keeps odd company. There's the sun-worshipping holy man whom Sampson once gave his very own mountain; the fading actress with sidelines in astrology and S&M. Now one of Sampson's friends may have arranged his kidnapping. As Lew Archer follows the clues from the canyon sanctuaries of the megarich to jazz joints where you get beaten up between sets, The Moving Target blends sex, greed, and family hatred into an explosively readable crime novel.
