It appears as though Ingersoll Rand is no longer selling portable construction compressors, preferring to manufacture and sell construction equipment like jackhammers and what not as well as industrial air compressors. We understand that the portable construction compressor business was sold to Doosan Portable Power.

Ingersoll rand 185 spitting hydraulic oil out the air line

A new 185 CFM air compressor can cost anywhere from \$19,000 to over \$50,000. Construction foremen often choose a less-expensive used air compressor when on a budget. If you are going to consider used air compressors for sale listings, then you want to make sure the machine has been tested and fully inspected.
