From the moment their eyes locked across a crowded room, he recognized something in her that he needed. Something that was impossible to resist... Enigmatic and sexy, Carter Morgan is a wealthy CEO and playboy who keeps a model on his arm and the walls around his heart high. His dangerous good looks and seductive charm gets him whatever he wants- whenever he wants it. That is until he meets Eva. When smart and spirited fashion editor Evangeline Austin encounters Carter Morgan, sparks fly and worlds collide. Her every instinct tells her to run, yet she can't deny the overwhelming effect he has on her. They embark on a passionate affair that threatens to consume them. They try to defy the odds by making their own rules and surrendering completely to the exquisite power of their passion but when unforeseen forces threaten to tear them apart, Carter and Eva must decide if the moments of exquisite perfection are worth the intense pain. The bestselling erotic romance series from Adriane Leigh is now available in one volume.

Lynn is an imprinter, one chosen by the Goddess to receive her greatest gift, that of creating new life. So why does she feel like a prisoner in the Temple? When Lynn learns that she is to be relocated to the temple at Landfall, the arduous journey seems more like a gift-her last chance to see something of the outside world. She does not anticipate the dangers and temptations she will encounter along the way, nor does she expect Lieutenant Kim Ramon, an officer in the squadron of Rangers assigned to protect her. Despite all prohibitions forbidding it, attraction grows between the two women. Against them stand the powerful religious Sisterhood and their holy warriors-the Temple Guards. In a world ruled by the Church, what chance is there that Lynn can escape?

One of the central tenets of mainstream economics is Adam Smith's proposition that, given certain conditions, self-interested behavior by individuals leads them to the social good, almost as if orchestrated by an invisible hand. This deep insight has, over the past two centuries, been taken out of context, contorted, and used as the cornerstone of free-market orthodoxy. In Beyond the Invisible Hand, Kaushik Basu argues that mainstream economics and its conservative popularizers have misrepresented Smith's insight and hampered our understanding of how economies function, why some economies fail and some succeed, and what the nature and role of state intervention might be. Comparing this view of the invisible hand with the vision described by Kafka--in which individuals pursuing their atomistic interests, devoid of moral compunction, end up creating a world that is mean and miserable--Basu argues for collective action and the need to shift our focus from the efficient society to one that is also fair. Using analytic tools from mainstream economics, the book challenges some of the precepts and propositions of mainstream economics. It maintains that, by ignoring the role of culture and custom, traditional economics promotes the view that the current system is the only viable one, thereby serving the interests of those who do well by this system. Beyond the Invisible Hand challenges readers to fundamentally rethink the assumptions underlying modern economic thought and proves that a more equitable society is both possible and sustainable, and hence worth striving for. By scrutinizing Adam Smith's theory, this impassioned critique of contemporary mainstream economics debunks traditional beliefs regarding best economic practices, self-interest, and the social good.

ILTS 195 Principal as Instructional Leader Exam plus a free online tutoring subscription. This preparation guide contains updated exam questions based on the recent changes to the ILTS 195 Principal as Instructional Leader Exam. The ILTS 195 Principal as Instructional Leader questions are aligned with the updated standards. Most importantly, the exam questions are based on the content seen on the real exam. This guide is designed to get individuals to pass the ILTS 195 Principal as Instructional Leader Exam. Included in the guide are detail explanations to each of the practice exam questions.

This resource serves to educate lawyers and business professionals on how to draft the many types of "boilerplate" provisions, a legal term that refers to the standardized, one-size-fits-all provisions of a contract. Each chapter tackles one of 20 provisions and analyzes why it is important, the key legal and business issues raised, and how to draft the provision to suit a particular transaction. Such analysis not only helps readers better understand how to draft these provisions in their contracts, but also helps them better understand the other party's process.

This tale of an ambitious inventor in France as the Revolution looms is "brilliantly playful . . . full of lore and lewdness" (Chicago Tribune). "A portrait of a young mechanical genius in 18th-century France, delivered along with a gallimaufry of odd and intriguing facts and a rich, lusty picture of society in that time and place." --Publishers Weekly In France, on the eve of the Revolution, a young man named Claude Page sets out to become the most ingenious and daring inventor of his time. Over the course of a career filled with violence and passion, Claude learns the arts of enameling and watchmaking from an irascible, defrocked abbé, then apprentices himself to a pornographic bookseller and applies his erotic erudition to the seduction of the wife of an impotent wigmaker. But it is Claude's greatest device--a talking mechanical head--that both crowns his career and leads to an execution as tragic as that of Marie Antoinette, and far more bizarre. "Like a joint effort by Henry Fielding and John Barth" (Chicago Tribune), this "captivating novel" (San Francisco Chronicle) marked the debut of one of the finest literary artists of our time. "A Case of Curiosities . . . really is brilliant. Also witty, learned, ingenious, sly, and bawdy." --Entertainment Weekly "What John Fowles did for the 19th century with The French Lieutenant's Woman and Umberto Eco did for the 14th with The Name of the Rose . . . Kurzweil now does for the late 18th century." --San Francisco Chronicle

The Sheikh's Claim Their tempestuous relationship had crashed and burned, and Lujayn Morgan had left Prince Jalal Aal Shalaan to marry another - a man who'd died soon after. And then...Jalal and Lujayn had met again and shared one unforgettable night. Now there is no denying that Lujayn's son belongs to Jalal. Marriage is the only answer. An Outrageous Proposal When Georgia Page accepts Sean Connolly's proposal, she knows it's crazy. But surely she can pretend to be a self-made billionaire's fiancée for a little while, just until his mother regains her health. Surely she can keep her heart out of this affair, no matter how sexy he is - or how well he plays the devoted lover.

This book is written in simple, easy to understand format with lots of screenshots and step-by-step explanations,If you are an iPad application developer looking forward to building enterprise applications that interact with Facebook, iCloud, Core Location and the Core Image frameworks into your applications, then this book is for you. You should have a good knowledge of and programming experience with Objective-C and have used Xcode 4.

Provides a guide to using Scala and Clojure to solve in-depth programming problems.
