Jay, your average stoner from Portland Oregon, finds out when he's twenty-one that he is Jesus, the son of God. This may have been a good thing if it weren't for the fact that he had been molested early in life by a Catholic Priest. It is a comic and tragic tale of reincarnated Disciples, and a difficult choice on whether the world is worth saving. Jay grows up thinking he's a normal kid. Through a series of hilarious and heartbreaking adventures, he finally learns of his true identity, long after he was supposed to. His reincarnated disciples are a mixture of loveable and misunderstood characters that join Jay on a journey across the Country that leads them to Elvis, Oprah, jail, and near death experiences. And when Jay becomes too big for the Church to control, they confront a situation that could very well destroy the world.

This is a compilation of State laws, ordinances and regulations pertaining to rail-highway crossings organized by State, key word, and subject. This document is intended as a reference tool for those working in the Rail-Highway Crossing Safety Field. This is NOT a legal document. It is written in everyday language for use by laymen.

This book provides a practical guide to the American Bobtail Cat, aimed at availing all information that is available today about these adorable animals. If you are a cat enthusiast and have been wondering how to go a notch higher with such a unique breed then you should read this book. The author, Henry Hoverstone, is a true cat lover. This book covers all the important details about the breed ranging from how to take care of the cat to learning about its personality, grooming the cat, feeding and taking care of the cat's health in general. This book covers the life of the cat from birth to the aging cat. When we welcome these animals into our houses, they become part and parcel of our everyday lives; they become family, hence the need to document yourself with everything you need to make your cat happy and to make you a happy cat owner. You will also learn how to train the cat, teaching some of the mannerisms that are important to establish and maintain a good rapport between the cat and the rest of the family members. I wish you all the happiness as you welcome this lovely cat into your home. Covered in this book:

- History - Finding a reputable breeder - Personality - Supplies needed - Behavior - Bringing your cat home - Basic care - Training - Grooming - Feeding - Travelling - Daily care - Costs - Travelling - Caring for your aging cat and a lot more

Are you a good listener? How well do you really know the people around you? A capacity for empathic understanding is hard-wired in our brains, but its full expression involves particular listening skills that are seldom learned through ordinary experience. Through clear explanation, specific examples, and practical

exercises, Dr. Miller offers a step-by-step process for developing your skillfulness in empathic listening. With a solid basis in sixty years of scientific research, these communication skills are not limited to professionals, and can be learned and applied in your everyday life. Instead of assuming that you know the meaning of what you think you heard, empathic listening lets you develop a more accurate understanding and prevent miscommunication. Empathic understanding can help to deepen personal relationships, alleviate conflict, communicate across differences, and promote positive change. The author also discusses skills for expressing yourself clearly, and for strengthening close relationships and friendships. Through empathic understanding you have access to life experience far beyond your own, and over time, listening well and deeply becomes a way of being, fostering a compassionate and patient acceptance of human frailties--those of others as well as your own.

Developed by experienced professors and professionally narrated for easy listening, this course is a valuable tool when preparing for your Commercial Driver's License (CDL) Exam. The audio is focused and high-yield, covering all CDL Endorsements and topics you need to know to pass your written exam. With a light touch and sensible techniques, Dr. Jim Petersen distills years of counseling and pastoral ministry into an informal volume loaded with practical tips, examples and techniques to practice. His book highlights our culture's courtroom-like communication that often puts people at odds with each other. Most people think they listen well but don't and folks walk away unheard, misunderstood and disconnected. Readers will chuckle in recognition at the tongue-in-cheek but spot-on "flat-brain" theory of emotions. It shows how and why we get upset and confused in tense situations and what to do about it. It lays the practical groundwork to better manage emotionally loaded situations. This book shows communication that works and is equally appropriate for professionals, such as pastors and therapists and for the general public. The ingenious Talker-Listener Card gives a taking-turn method to end arguing as we know it. It works for couples, business relationships, church listening programs, counselors, group discussions and the family dinner table listening game. Thirty listening techniques will help the reader immediately begin to turn enemies into friends, poor relationships into decent ones and good relationships into better ones. These accessible skills are being used in pastoral counseling classes, counseling offices, church staffs, professional offices, on dates, in corporate board rooms and at kitchen tables around the country .
