social questions
concerning military
human enhancement,
with a view toward
developing guidance
and policy that may
influence real-world
decision making.

This dissertation
approaches the
question of
sustainability and its
influence on company

Download Free

May June 2014

Paper 4 Maths
Prediction

performance, with special focus on the manufacturing industry. In the contemporary production environment, manufacturing operations must take into account not only profit, but also environmental and social performance, in order to ensure the

Download Free

May June 2014

Paper 4 Maths

long-term development of the company. Companies have to decide whether they should allocate resources to environmental and social practices in order to improve their competitive advantage.

Consequently, in decision-making processes concerning

Download Free

May June 2014

operations, it is

important for
Prediction
companies to

understand how to
coordinate profit,
people, and planet.

The objective of this
dissertation was to
investigate the current
situation regarding
manufacturers'
sustainable initiatives,
and to explore the
relationship between

Download Free

May June 2014

Paper Mills

Prediction

these sustainable practices and companies' performance, including financial performance, operational performance, innovation performance, environmental performance, and social performance.

First of all, a

Download Free

May June 2014

Paper: Maths
Prediction

Structured literature review was conducted to identify sustainable factors considered to be important in the decision making of manufacturing operations. The findings were synthesized into a conceptual model, which was then adopted as the basis for designing the

May June 2014

Paper 4 Maths

Prediction
survey instrument
used in this
dissertation. Drawing
on Global Reporting
Initiative (GRI)
reports, empirical
research was
performed to explore
the relationship
between
environmental
management
practices and
company

Download Free

May June 2014

Paper 4 Maths

Prediction
Interestingly, the findings showed that

many environmental management

practices had a strong positive impact on innovation

performance.

Sustainability

disclosures and

financial performance

were further analyzed

using extended data

Download Free

May June 2014

from the GRI reports.

The results also

showed that several

sustainability

performance

indicators, such as

product responsibility,

human rights, and

society, displayed a

significant and

positive correlation

with return on equity

in the sample

companies. In order

Download Free

May June 2014

Paper 4 Methods Prediction
to further explore the research area and to verify these findings, a triangulation approach was adopted and new data were collected via a survey conducted among middle and large sample companies in the Swedish manufacturing industry. The results

Download Free

May June 2014

Paper 4 Maths

Prediction

indicated that the sustainable improvement practices had a positive impact on company performance. Some environmental and social improvement practices had a direct and positive correlation with product and process innovation.

Download Free May June 2014

Furthermore, findings suggested that better cooperation with

suppliers on environmental work could help to strengthen the organizational green capabilities of the focal companies.

When considering the company's general approach to implementing

Download Free

May June 2014

Sustainable Practices,
some interesting
findings emerged.

There were limited
significant differences
in sustainable
practices when
comparing different
manufacturing
sectors, and different
countries and regions.
However, the results
showed that Swedish
manufacturing

Download Free

May June 2014

Paper 4 Maths

Prediction
companies often
place higher priority
on implementing

economic and
environmental

sustainability

practices than on
social ones. This

dissertation

contributes to the
literature on

manufacturing

sustainability. The

study expands the

Download Free

May June 2014

Understanding of how
environmental, social,
or economic

perspectives as a
triple bottom line can
influence company
performance and to a
certain extent the
supply chain.

Identifying and
understanding such
relationships gives
companies the
opportunity to

Download Free

May June 2014

Paper 4 Maths
Prediction
integrate sustainability
into their
manufacturing
operations strategy in
order to sustain their
manufacturing
operations over the
long term.

On a cold February
night in 1991, a group
of soldiers and

Page 59/80
