During an eight-season run on one of the most popular series of the '80s and '90s, Andrea came of age in front of millions. But she was as far removed from her character as a girl can get. The introverted young star was plagued with self-doubt, insecurities, and debilitating anxieties that left her questioning her identity after the show's cancelation. Andrea wouldn't return to the public eye until 2016, for Fuller House. So what happened in those intervening decades that Andrea jokingly calls "the lost years"? For starters, Andrea never stopped working. But it was on a series of life-changing transitions: earning a college degree, then a Master's, building a career in international education, getting married, and starting a family. She also faced some unforeseeable transitions: navigating a sudden divorce after nearly twelve years of marriage, and second-guessing her capabilities as a single

Roman's touch burned like fire even when his words were ice, and both of them will stop at nothing to make the others life hell. In the midst of the pranks and the hate they harbor for each other, Olivia slowly pulls back the layers of the man next door and finds herself consumed with wanting to fix him and his past.
