# File Type PDF Outline Of Medical Parasitology

Goldenberg 1965-04-01 00:00:00 This book is less an outline than it is a manual much in the vein of "Medical Parasitology" by Sawitz which it seems to have replaced as a guide for medical students issued in the Blakiston series of the publishers. It is overcoat pocket size (6 x 8 inches), and has a rather dull, unattractive, but flexible cover apparently designed to stand some abuse.

The 8th Edition of this popular text has been revised and updated to reflect the latest developments in the field. It explores the complete range of parasites that prey on humans; the diseases that they cause; their modes of acquisition, transmission, and epidemiology; and their pathogenesis, diagnosis, treatment, and prevention. Now

# File Type PDF Outline Of Medical Parasitology

presents updates on parasitic infections in immunocompromised hosts, and includes additional chapters on newly recognized human parasites. Features new illustrations and drawings of helminthic lifecycles. Contains over 290 illustrations!
