Lena's mother, Annabel, has always been a mystery—a ghost in Lena's past. Until now. Discover her secrets in Lauren Oliver's brilliant original digital story set in the world of New York Times bestsellers *Delirium* and *Pandemonium*. Lena Halloway's mother, Annabel, supposedly committed suicide when Lena was only six years old. That's the lie that Lena grew up believing, but the truth is very different. As a rebellious teenager, Annabel ran away from home and straight into the man she knew she was destined to marry. The world was different then—the regulations not as stringent, the cure only a decade old. Fast forward to the present, and Annabel is consigned to a dirty prison cell, where she nurtures her hope of escape and scratches one word over and over into the walls: Love. But Annabel, like Lena, is a fighter. Through chapters that alternate between her past and present, Annabel reveals the story behind her failed cures, her marriage, the births of her children, her imprisonment, and, ultimately, her daring escape.

Ninety-five days, and then I'll be safe. I wonder whether the procedure will hurt. I want to get it over with. It's hard to be patient. It's hard not to be afraid while I'm still uncured, though so far the deliria hasn't touched me yet. Still, I worry. They say that in the old days, love drove people to madness. The deadliest of all deadly things: It kills you both when you have it and when you don't. Lauren Oliver astonished readers with her stunning debut, *Before I Fall*. In a starred review, *Publishers Weekly* called it “raw, emotional, and, at times, beautiful. An end as brave as it is heartbreaking.” Her much-awaited second novel fulfills her promise as an exceptionally talented and versatile writer.
