'I was trapped.I'd been raped so many times, abused by hundreds, if not thousands. They could have left every door open and it would have made no difference. And I always came back -they always brought me back.' From the age of 14, Caitlin was controlled, raped, sold and passed on to new gangs across the UK over and over again. Her abusers were blatant in their attacks upon her, often collecting her from school or home, to be taken to flats they owned, family homes, or hotels booked for the day, to be horrifically and systematically abused. Having finally escaped, Please, Let Me Go is Caitlin's shocking story of abuse and survival.

He was the Night Emperor that everyone respected. They broke up three years ago because of a misunderstanding. She had thought that she wouldn't have anything to do with Ye Qixuan in this life. Who would have thought that because of an accident, Lin Xue would become the Lin Family's trash, the Third Miss, a bastard that everyone disliked, being bullied to no end. However, this was nothing to Lin Xuemao. A peerless cultivation technique was not a secret recipe; it was something that could be easily obtained with one's eyes closed. Fiercely beating up the white lotus and carelessly torturing dregs. She would make those who dared to bully her pay a hundred times over! But why did she get entangled with Feng Qi Ye again? A certain Night Emperor: Mo Mo, you want to avoid me? You don't even have a chance!

That day, her father was in prison for her and she was kicked out of the house. He had thought that the world would collapse, but his appearance had blocked the gap. She had been melted by his gentleness, surprised to learn that his father's imprisonment was inextricably linked to him. Under the intersection of family love and love, she chose to conceal her true feelings. "Moser, let me go, I don't love you at all." "It doesn't matter. I love you."

Her abusers were blatant in their attacks upon her, often collecting her from school or home, to be taken to flats they owned, family homes, or hotels booked for the day, to be horrifically and systematically abused. Caitlin's story will appal readers - not just because of the degree of horrific attacks which were perpetrated upon her, but also because of the ways in which the authorities refused to act. Caitlin speaks openly about what she has suffered, and also shows just how unwilling many people are to face up to what is happening in our midst, for fear of being called racist"--

"If you sleep with me, you'll have to take responsibility." The man's eyes darkened as he pressed the soft, little girl down on top of her."I'll give you money, please let me go." The little woman had a bashful expression as she bit her lips and glared at him."You can't! I'm a virgin! You broke my body, so I can't be bought!" The man didn't know shame, so he continued to press the little girl down on top of her."Please, let me go, I'm only 18 years old." The little woman's face was filled with tears, looking extremely pitiful."If you marry me, I'll let you go." A certain evil official smiled and handed a piece of paper over to her ... "Give me a child, and I'll let you go." A certain man was suppressing the little woman."Don't even think about it, I won't cripple you." Holding the silver needle in his hand, he shot it towards the lower half of the man's body."If you cripple me, you can forget about escaping. In this life, you won't be able to escape." The man leaped away from the flying needles."Humph, they are all swindlers, not a single one of them is good." A certain woman gritted her teeth in hatred."I'm not lying to you, I'm him!" The man lifted the clothes in front of him, revealing the heart-shaped scar on his chest and the ring. She had been searching for that ring for a long time.

Before she was ten years old, her every word and action had been taught by the king. After she was ten years old, her parents successively passed away, leaving only Chu Huainan as the disaster. She still remembered how her father trembled as he grabbed her hand before he died and summed up the words he had said from the bottom of his heart for the rest of his life. "After my son ascended the throne, there was something that I had no choice but to do." "This calamity Chu Huai Nan cannot be allowed to live." Chu Huai Nan was strong and influential. When the princess was young, he called himself the Regent, and he shamelessly made an imperial decree with a marriage contract to announce to the world. Thus, after the age of ten, Zhao's every word and action was not taught by the king. Instead, he would act as the son of the regent's adopted wife. Zhao He didn't want to do it, so on a dark and windy night, he directly ran away through his soul.

This book is about my exciting and wonderful career in the United States Air Force. I listed my various assignment in the order in which they occurred and outlined the major events in my life while at each base. Every assignment had a lot of good points and some that wasn't that great but I tried to focus on the exciting things. A large portion of the book deals with my assignments in Vietnam and events that still haunt me today. The events in the book start when I was a senior in high school trying to talk my Mother into giving me permission to enlist just as soon as I turn 17 years old. I also wrote about some of the interesting things while in high school and about my large family. I felt that it might be of interest to the reader to know that between all my brothers and I we accumulated over 170 years of military service to our country. I ended the book with some events that happened while I was teaching and the jetliner that I observed on 10 Sep 01 practicing for the flight across southern Pennsylvania that crashed on 9/11.

From the Booker Prize-winning author of *The Remains of the Day* and *When We Were Orphans*, comes an unforgettable edge-of-your-seat mystery that is at once heartbreakingly tender and morally courageous about what it means to be human. Hailsham seems like a pleasant English boarding school, far from the influences of the city. Its students are well tended and supported, trained in art and literature, and become just the sort of people the world wants them to be. But, curiously, they are taught nothing of the outside world and are allowed little contact with it. Within the grounds of Hailsham, Kathy grows from schoolgirl to young woman, but it's only when she and her friends Ruth and Tommy leave the safe grounds of the school (as they always knew they would) that they realize the full truth of what Hailsham is. *Never Let Me Go* breaks through the boundaries of the literary novel. It is a gripping mystery, a beautiful love story, and also a scathing critique of human arrogance and a moral examination of how we treat the vulnerable and different in our society. In exploring the themes of memory and the impact of the past, Ishiguro takes on the idea of a possible future to create his most moving and powerful book to date.
