Global Sociology in the Pandemic

Political sociology is a subject with a long and distinguished history and a thriving contemporary debate. The MSc Political Sociology is designed to look beneath the day-to-day controversies of politics in order to explore the underlying forces that either promote or retard political and social change. Sociology Introduction To The State And Society

Political sociology is a major subfield on the border of sociology and political science, combining explanatory factors and research interests of both disciplines. It developed from the work of the early founders of social science to include areas of inquiry that tackle the salient social and political processes of the twentieth century and the contemporary world.
