A zany picture book that will resonate with anyone who's ever been kept waiting. The latest from the creator of the best-selling Scaredy Squirrel series stars a hilariously needy and impatient bunny. This is no ordinary picture-book character, and it will quickly become clear that this is no ordinary picture book ? namely because you, the reader, are on the spot. You're late! At first, this little bunny is deliriously excited by your arrival, but now that you're finally here, he wants to know: where were you? He's been waiting long enough to learn an accordion solo, among other time-consuming pursuits. After he's shown you how it feels to be kept waiting and just when he's finally satisfied that you're a good steady page-turner who's here to stay, something happens to turn the tables. The result is an off-beat ending worth waiting for!
