studies in art and languages. After completing my University studies I traveled to Italy, where I lived in Rome and studied in Florence. Later traveled to Sicily where I studied and worked as an english teacher. I've always had a fascination for fairies and anything enchanted. My daughter was born and thats when all my stories and reading of fairies and the enchanted life of the mystical lives of anything to do with fairies came together. I have been writing stories of fairies for as long as I can remember. It wasnt until my daughter started Rhythmic gymnastics six years ago, that I combined both together and thats how my stories were reborn. The beauty of Rhythmic gymnastics and the enchanted fascination of fairies was put together and that's where the storyline came about. I hope I can engage and excite those who also have a love for the rhythmic gymnastics and fairies.
