as obesity and type 2 diabetes. This is due to changes in dietary habits and the decrease in physical activity.

Exercise is usually part of the prescription, the first line of defense, to prevent or treat metabolic disorders.

However, we are still learning how and why exercise provides metabolic benefits in

Becoming someone is a learning process; and what we learn is the new values around which, if we succeed, our lives will come to turn.

Agents transform themselves in the process of, for example, becoming parents, embarking on careers, or acquiring a passion for music or politics.

How can such activity
