Set in remote regions of the Himalayas and the plains of India, this modern classic reveals great and powerful truths about the spiritual quest and the role of the spiritual Master in fulfilling our highest aspirations. With absorbing narrative and deep truths, this rare gem is presented by the author--"to help unfold the Spirit of Man, for Man's unfoldment lies in awakening the freedom of the soul."

A magisterial history of the Himalaya: an epic story of peoples, cultures, and adventures among the world ' s highest mountains. For centuries, the unique and astonishing geography of the Himalaya has attracted those in search of spiritual and literal elevation: pilgrims, adventurers, and mountaineers seeking to test themselves among the world ' s most spectacular and challenging peaks. But far from being wild and barren, the Himalaya has been home to a diversity of indigenous and local cultures, a crucible of world religions, a crossroads for trade, and a meeting point and conflict zone for empires past and present. In this landmark work, nearly two decades in the making, Ed Douglas makes a thrilling case for the Himalaya ' s importance in global history and offers a soaring account of life at the "roof of the world." Spanning millennia, from the earliest inhabitants to the present conflicts over Tibet and Everest, Himalaya explores history, culture, climate, geography, and politics. Douglas profiles the great kings of Kathmandu and Nepal; he describes the architects who built the towering white Stupas that distinguish Himalayan architecture; and he traces the flourishing evolution of Hinduism, Islam, and Buddhism that brought Himalayan spirituality to the world. He also depicts with great drama the story of how the East India Company grappled for dominance with China ' s emperors, how India fought Mao ' s Communists, and how mass tourism and ecological transformation are obscuring the bloody legacy of the Cold War. Himalaya is history written on the grandest yet also the most human scale—encompassing geology and genetics, botany and art, and bursting with stories of courage and resourcefulness.

Beyond the peaks and valleys of the Himalaya Mountains lies a magical sanctuary. Protected from the chaos of man, it is home to immortal beings and mystical creatures. When Vijaya, a young human, is brought into the sanctuary for her protection, some immortals fear her presence may lead to their ruin. But as mankind draws ever closer to the sanctuary ' s border, Vijaya will have to prove that there is more to being human than the violence her new family fears beyond their borders. David Jesus Vignolli ' s debut graphic novel *A Girl in the Himalayas* explores the astonishing potential of the human spirit.

Himalaya Calling: The Origins of China and India will take the reader through a journey through the periods of time and places starting from the beginning of civilization from the Himalayas and extending into the Himalaya Sphere. The chapters in the book enable the reader to view the dynamics of China and India from the geo-civilizational paradigm of the Himalaya Sphere. Among the other new concepts introduced is a new understanding of the

Buddhist trust with China's developing process as a super-state and the interaction of the dynamics of ' wandering ascetics ' from India and ' householder ' in China. It conveys the message of two ' civilization-states ' as akin to oases in the desert of modern ' nation-states ' and advocates the Indian spiritual goal of ' Vasudhaiva kutumbakam ' (the whole world is one single family) and the Chinese spiritual goal of ' tianxia datong 天下大同 ' (grand harmony all-under-Heaven). The book is a must-read for all the leaders and policy makers of China and India. It is a culmination of decades of learning by the author who has lived in both the countries. The reader will begin to understand the shared origins of China and India and how the civilizations have been linked through the ages. The book is timely as it coincides with the commemoration of the diamond jubilee (50th anniversary) of the Panchsheel (Five Principles of Peaceful Coexistence) in 2014. Contents:ForewordPrefaceIntroductionThe 'Himalaya Sphere' Lives in the Spirit of China and IndiaCivilization Twins Grew Side by SideCivilization and State in China-India Relations'Himalaya Sphere' into Universal Prosperity Readership: Policy makers, historians, leaders in China and India and anyone interested in knowing more about China and India. Keywords:Civilization;China;India;Origins of Civilization;Civilization States;Civilization Twins;Himalaya;Cultural Affinity;Chindia; BuddhismKey Features:No other book in the market that fundamentally offers fresh perspective on understanding of China and IndiaEnables the reader to view the dynamics of China and India from the geo-civilizational paradigm of the Himalaya SphereAdvocates the Indian spiritual goal of 'Vasudhaiva kutumbakam' (the whole world is one single family)and the Chinese spiritual goal of 'tianxia datong 天下大同' (grand harmony all-under-Heaven)

In the first comprehensive history of Himalayan mountaineering in 50 years, the authors offer detailed, original accounts of the most significant climbs since the 1890s, and they compellingly evoke the social and cultural worlds that gave rise to those expeditions.

At the Eleventh Hour is more than just a biography about the accomplishments of Himalayan master Swami Rama and an overview of the profound system of yogic knowledge he brought to the West. This book tells the story of Swamiji through the eyes of Pandit Rajmani Tigunait, PhD, his devoted student and successor as the spiritual head of the Himalayan Institute. As you read Pandit Tigunait's account of life with his master, you will gain insight into the guru-disciple relationships Swami Rama had both with his master and with his own students. This book serves as a guide to some of the more esoteric practices of tantra not commonly known or understood in the West. It brings you to holy places in India, to the source of the Himalayan Tradition, revealing why these sacred sites are important and how to go about visiting them. The wisdom in these stories penetrates beyond the power of words. Discover the legacy of a true Himalayan master and the nature of the yogic wisdom he shared. Purchase your copy of At the Eleventh Hour today!

Meeting Shiva is a spiritual memoir. Tiziana, a single woman in her mid-thirties, is at the end of an adventurous overland trip through the Himalayas, which she embarked on to search for her tantric soul mate. When the soul mate hasn't materialized after eight months of wandering through Tibet, Nepal, Pakistan and India, she decides to go home. Before her departure, she sets out on a final mountain trip. It is here that she meets Rudra, the man she has been waiting for all her life. But there is a catch: Rudra is a sannyasi, a celibate Hindu monk who lives in an austere ashram in the remote Himalayas. The two get drawn into an intense, romantic relationship that soon spirals out of control as Tiziana is drawn into a past long forgotten that ultimately leads her through pain and misery to healing and transformation.

A deeply personal travel memoir that combines alpine adventure, family connections, and spiritual encounters in two very different worlds: a Himalayan village and Vancouver, Canada. In 2012, Michael Schauch and his wife, Chantal, undertook an expedition deep in the Himalaya of northern Nepal, into a

remote valley that had been closed off to outsiders for decades. They led a team of artists (a photographer, a musician, and a painter), with the objective of capturing a moment in time through their unique lenses. As a mountaineering fanatic, Michael had a second (and less conspicuous) goal to climb an unknown mountain he had only identified through a photograph. What unfolded in the mountains forced him to question his values and his own identity, and eventually resulted in meeting a little girl, which was the most profound encounter of his life. Little did either know that from that moment they would completely change the trajectory of each other's life. A Story of Karma recounts this journey, and the years that follow as Karma (the little girl), and Michael and Chantal grow their lives together amidst the confusing dichotomies and backdrop of Karma's 17th-century Himalayan village; the impoverished and polluted Kathmandu; and the modern world of Vancouver, Canada.
