every generation in its cultural and educational context, the authors set out to present an easily understood method for teaching the Bible among adults which they describe as “ transformational. ” Indeed, the Bible is taught in order to transform a person ’ s life. And the next great result of that transformation is putting a stronger faith into action.

A proposal on how to improve the way the Bible is taught to adult learners that focuses on life transformation and putting faith into action.

This introductory textbook solidly situates Christian education in the church and ministry context of the 21st century. With over 20 years of ministry, teaching, and leadership experience, Freddy Cardoza is uniquely qualified to bring together a wide range of Christian educators. This volume

Una guía completa para enseñar la formación cristiana Necesitamos revitalizar la tarea de enseñarles a las próximas generaciones, pero no con el enfoque estándar de "la forma en que lo hemos

hecho siempre" o con la imprudencia pragmática de "cualquier forma es suficiente" que no alcanza la meta de ayudar a los estudiantes a crecer hacia la madurez. La próxima generación necesita maestros comprometidos, maestros sabios, maestros alegres y maestros bien estudiados. Los jóvenes deben involucrarse profundamente de manera relevante más allá de las enseñanzas elementales. Necesitan una fe "repleta de pensamiento" basada en la Escritura, fortalecida por el Espíritu, y conectada con las realidades cotidianas para enfrentar los desafíos contemporáneos, las tensiones históricas y las preguntas difíciles. Este texto defiende la causa y los objetivos de la enseñanza cristiana en el ministerio para los jóvenes y ofrece una introducción a la enseñanza en todo tipo de contextos ministeriales.

are dedicated to Dr. Chuck Sackett in recognition of his thirty-two years of teaching at Lincoln Christian University. He currently serves as Professor at Large but has held a variety of roles and titles during his thirty-two years there. These essays are written by current colleagues and former students who have had the privilege of studying hermeneutics, homiletics, and ministry with Dr. Sackett. Each essay covers a topic of scholarly or contemporary interest in the fields of hermeneutics or homiletics. Hermeneutics and homiletics remain topics of discussion in the academy and the church. These essays continue that discussion. The essays overlap the two fields. Some essays focus heavily on hermeneutical issues with an eye towards proclamation, while others start with homiletics and hermeneutical issues are echoed in the background. The essays found in this book offer unique perspectives and approaches to

interpretation and preaching. Though homiletics and hermeneutics are the fields of the study, the church remains the arena where the fruit of each discipline is observed most clearly, as Dr. Sackett instructed his students throughout his years of teaching.

This handbook assists Sunday school teachers and parents to teach Bible stories in such a way that the authoritative teaching of Scripture shines forth. Each of the 175 lessons includes story focus and application, historical background, interpretational issues, and more.

This revised and expanded second edition of *Created to Learn*—an ECPA Gold Medallion Award finalist—shows teachers how to organize and tailor classroom instruction to fit the learning styles of their students. In a real sense, author William R. Yount takes the theories of teaching and

learning and brings them to life inside the classroom. Additional content in this updated edition includes:

- More information on new research into learning theories, including discoveries in the field of neuroscience that provide far more detail about brain function.
- New chapters on Constructivism and brain-based learning.
- Updated research from Yount ' s teaching experiences in other countries.
- Full rewrite of original text, condensing material that has moved into other books, removing data found to be less helpful, and adding research that provides support for evolving ideas about cognitive and humanistic learning theory systems, designing instructional objectives, and the revolution in brain science.

Most books on spiritual formation focus on the individual. But spiritual formation is at the heart of the church's whole purpose for

existence. It must be a central task for the church to carry out Christ's mission in the world. This book offers an introduction to spiritual formation set squarely in the local church. The first edition has been well received and widely used as a textbook. The second edition has been updated throughout, incorporates findings from positive psychology, and reflects an Augustinian formation perspective. Foreword by Dallas Willard.
