Walter Molino (5 November 1915 – 8 December 1997) was an Italian comics artist and illustrator. His speciality was disaster, which often involved fire, water, falling – falling from (deep breath) cliffs, planes, helicopters, mountains, bikes, cars, boats, the floor above, trucks, stairs (you get the idea) – wince-inducing accidents, angry and hungry-looking wild animals (has anyone in real life brandished a massive snake to hold up a jewellery store?), and did you know a bull could ...

Walter Crane (1845 - 1915) was an English artist best known for his illustrations of children's books, nursery rhymes in particular. He was also an ardent socialist, believing strongly in the importance of art, culture and craftsmanship in the world. He joined the Arts and Crafts movement which began in England in the late 19th century, and strove to make art a part of everyday life.

Reproduction of the original: Walter Crane 's Painting Book by Walter Crane

One of the South's great artists is highlighted here, honoring him on the centennial of his birth with contributions from art historians, curators, and many others, probing the mysteries of his work. (Fine Arts)

More than one hundred years after they were first drawn, Walter Crane's fairy tale illustrations remain full of magic. The beloved children's book illustrator brought life to classic stories. Some are still bedtime favorites, such as Beauty and the Beast, Robin Hood, and Little Red Riding Hood. Others we may not remember well today, such as Princess Belle-Etoile and The Hind in the Wood. Crane's illustrations are nothing if not dramatic both sweet and sinister, filled with old-fashioned intrigue, pomp, and turns of plot. There are damsels in billowing dresses, royals in regalia, babes adrift at sea, and all the magical characters you could hope for: fairies, beasts, dragons, cursed frogs who are really very charmed, and maidens who are really very cursed. When you fill in the twenty-two line drawings, imagine what sort of story you might like to tell. We've left the last page blank so that you can draw and color a fairy tale of your own.

Comprehensive, user-friendly guide combines four vintage instructional manuals by a famous teacher. Step-by-step drawings with helpful comments explain principles of figure and fashion drawing. Techniques include pencil, pen, wash, and opaque.

This book is a study of illustrated manuscripts and books, written by Walter Crane.?
