The New Economic Diplomacy Decision

Synopsis. "The New Economic Diplomacy" explains how states conduct their external economic relations in the 21st century: how they make decisions domestically; how they negotiate internationally; and how these processes interact. It documents the transformation of economic diplomacy in the 1990s and early 2000s in response to the end of the Cold War, the advance of

globalisation and the growing influence of non-state actors like private business and civil society.

---

The New Economic Diplomacy: Decision Making and ...

The New Economic Diplomacy explains how states conduct their external economic relations in the 21st century: how they make decisions domestically, how they negotiate internationally and how these processes interact. Although the previous edition, published in 2011, was able to reflect the impact of the financial crisis and the immediate reaction to it, a lot has happened since then, and the atmosphere of economic diplomacy has darkened.
