Scramble For Africa is the first book to tell the story of the Ottoman Empire's expansionist efforts during the age of high imperialism. Following key representatives of the sultan on their travels across Europe, Africa, and Arabia at the close of the nineteenth century, it takes the reader from Istanbul to Berlin, from Benghazi

to Lake Chad Basin to
the Hijaz, and then back
to Istanbul. It turns the
spotlight on the
Ottoman Empire's

frontiers. Drawing on
previously untapped
Ottoman archival
evidence, Mostafa

participation in the
Conference of Berlin
and involvement in an
aggressive competition
for colonial possessions
in Africa were part of a
self-reimagining of this

Minawi redefines the
parameters of agency in
late-nineteenth-century
colonialism to include

turns the typical

Most importantly,

Minawi offers a radical

history by providing a
