Today's environmental concerns have led to a new generation of high-tech stoves, designed to burn cleaner and more efficiently than ever before. The New Woodburner's Handbookis the essential layman's guide to both the latest improvements and the age-old wisdom of heating with wood. Chimney sweep Stephen Bushway presents first-time and long-time woodburners with all the information necessary to heat a home economically and safely, while safeguarding the environment for ourselves and our children. Topics discussed include: selecting the right home for your home and your lifestyle; tips for insulating and conserving energy at home; installing a woodstove safely, catalytic, noncatalytic, and pellet stoves -- pros and cons; masonry heaters -- an ancient and unsurpassed way of warming. New federal regulations and air-quality laws make it more important than ever that woodburners know about all of the options available to them. The New Woodburner's Handbook helps you apply the latest developments in the industry to your specific situation and decide for yourself how heating with wood makes sense in your own home.

A best-seller! Renowned pyrographer Sue Walters teaches you everything you need to know to create stunning pyrography artwork with three step-by-step projects, original patterns, and an inspiring gallery of work. Includes information on equipment, safety, materials, pattern preparation, techniques and 3 projects; a beginner, an intermediate, and an advanced.

In The Wood Burn Book, Instagram star Rachel Strauss (@woodburncorner) teaches you everything you'll need to know to master your favorite new hobby: pyrography, or writing with fire. This essential guide opens with a brief background to the art of wood burning, a list of tools and how to use them, basic techniques that can be used over and over again, and even what to burn and how to be safe doing it. You will also find a detailed explanation of the process from start to finish, with patterns and frames, techniques for lettering and adding color, as well as dozens of projects ready for gifting, including picture frames, cutting boards, coasters, cards, wooden spoons, and jewelry. Above all, Strauss has created the book she wished she had when she first discovered pyrography: a simple guide that quickly gets the reader successfully burning. With the right tools and a little time, you'll be able to create meaningful handmade gifts without breaking the bank. Whether it's to create a family name sign as a housewarming gift for newlyweds, or customize baby blocks for a new little one, wood burning is the versatile hobby that can be used time and time again to create memorable gifts for all of life's occasions. In addition, wood burning is a practice in mindfulness, requiring patience and focus to awaken the senses and calm the mind. Mastering the art of writing with fire begins with the ability to follow a line. If you can trace, you can burn.

Woodburning stoves have been incredibly popular it's easy to see why. Not only do woodburners save money on fuel, they're a carbon-neutral way to heat your home and make a great looking feature in a room. If you're thinking of getting a woodburner, this comprehensive collection of basic information will guide you through everything you need to know, from choosing the most suitable stove for your needs to installing and operating one efficiently and safely.

Turn an ordinary piece of wood into a fire-burned masterpiece! If you're a crafter or an artist looking for something new and different, try pyrography. With this type of art, you use a heated instrument to burn images and words into wood. By using techniques from drawing, such as shading and stippling, you can also add depth and embellishments to your creations. It's easy to get started with pyrography-and Creative Woodburning can help you jump into this hot new craft. This book features: - An introduction to pyrography and the tools you need to get started - Expert advice on how to choose the right materials and how to create a safe working environment - 20 projects, including a jewelry box, a cutting board, a wooden egg, a clock, and a gourd birdhouse - More than 180 patterns-from animal and nature designs to borders and geometric and decorative shapes - Techniques for shading, adding color, and sealing your projects The power of your pyrography imagination is just between your fingertips and Creative Woodburning can help you tap into your inspiration. Even if you've never done burning of any kind before, pyrography expert Bee Locke can show you a safe yet fun way to play with fire.
