The USA Today –bestselling author ’ s first three pulse-pounding thrillers featuring his heroic rogue agent— “ Nobody writes action like Jon Land ” (John Lescroart). “ Land is one of the best all-out action writers in the business,” and his Blaine McCracken series takes the thriller genre to a whole new level (The Los Angeles Review of Books). Collected in this volume are the first three adventures of the “ no-holds-barred rogue agent ” who nukes the rulebook to save the world (Publishers Weekly). The Omega Command: A space shuttle is destroyed in flight, and the CIA recalls disgraced agent Blaine McCracken to uncover the villains who are responsible. The Alpha Deception: A space-borne superweapon rains death down on a small American town, and McCracken races to learn who pulled the trigger—before the fearsome beam turns on Washington. The Gamma Option: When his estranged son is kidnapped, McCracken goes to work for a group of Arab militants to recover the child he never knew—and bring the Middle East back from the brink of war.

“ The greatest thriller writer alive today ” puts rogue agent Blaine McCracken in the sights of a space-borne superweapon in this Cold War nail-biter (Bookviews). In the last years of the Cold War, policy and trust for the Russians have led to disarmament treaties and hope for a new beginning. But peace is not yet within grasp. An entire American town has been wiped off the map: not by nuclear strike, but rather a space-borne particle cannon capable of reducing the entire nation to dust in hours. But who pulled the trigger? Was it the Russians, making a final bid for world domination? Or was it a third power—some aspiring conqueror hoping to pit the superpowers against each other? It ’ s up to Blaine McCracken to find out. An old flame has contacted the rogue op, begging for help protecting her father, a jeweler who has just been robbed of five rare stones—five rubies that could mean life or death for the United States. This ebook features an illustrated biography of Jon Land including rare photos from the author ’ s personal collection.
