Browne Sep 4 2012

My sims 3 supernatural isn't even finishing the installation. It goes all the way up to file 26 or 23 in installation and then just stops. No errors, no warnings, no nothings. I've been at this for 3 hours! I updated my game and then updated my mac, still nothing. I have to force it to quit because it just freezes on me. I don't know what's wrong!
