The Wanderer by Kahilil GIBRAN - Books on Google Play  
My introduction to Kahilil Gibran was one of his poems from The Prophet. When I started reading The Wanderer I was struck by the way he could tell a story with the minimum of words. Kahilil's style of writing absorbs the reader so subtly that he or she is carried along by the beauty of the language. By the end the reader cannot help but be impressed. This is a book one will return to many times ...

2013 Reprint of London Heinemann Edition. Exact facsimile of the original edition, not reproduced with Optical Recognition Software. This collection of parables and drawings, completed shortly before Gibran's death in 1931, is in many ways a crystallization of the poet's entire message. It is as though, as his life drew to a close, he turned more and more towards his childhood and his youth, recalling not only the mood and atmosphere of his birthplace but also his native mode of thought and phraseology. Thus the fifty or more tales of which this volume is composed are woven of the very fabric of the East. "The Wanderer's" philosophy, born out of the bitterness of his days and the dust and patience of his road, has in it the rare power to console and inspire. Seven plates are reproduced from drawings done by the author.

A collection of writings from Kahilil Gibran. Gibran's poetic writings, based on the mystical philosophies of the Sufi and the Maronite Christians, have captivated readers for over a century. This edition contains the complete texts of "The Prophet," "The Madman," "Sand and Foam," "The forerunner," and the posthumously-published "The Wanderer." New Introduction.

A collection of the major works of the celebrated poet, artist, and mystic features an array of stories, parables, prose poems, and essays that include "The Prophet," "The Wanderer," "Jesus the Son of Man," "Spirits Rebellious," and "The Gardens of the Prophet".

The most inspiring, beautiful and thought-provoking reflections and declarations of love, all in one place. From Shakespeare's sonnets to the rom coms of modern-day cinema, Enlightenment philosophy to the latest Nicholas Sparks novel, one could say that no other topic has inspired such beauty - in art, literature, poetry or music - than that of love. In The Little Book of Love the words of civil rights activists sit alongside those of movie stars, world leaders and the philosophers of Ancient Greece. In its pages you will find some hard-won lovers' wisdom, a whole host of poignant and inspiring reflections on love, as well as some of the most famous, endearing and enduring declarations of love ever spoken. "Love is not love / Which alters when it alteration finds, / Or bends with the remover to remove: / O no! it is an ever-fixed mark / That looks on tempests and is never shaken..." William Shakespeare, "Sonnet 116" "With the whole world crumbling, we pick this time to fall in love." Isa Lund, Casablanca (1942)
