“ U is for Undertow ” is another interesting Kinsey Millhone mystery where she sifts the numerous clues to find that one thread that unravels the entire case. It sparkles when Kinsey is front and center but drags a bit during the chapters of background information on the other characters (that may be my own prejudice, however).

Kinsey has nearly nothing to go on. Sutton doesn't even know where he was that day—and, she soon discovers, he has a history of what might generously be called an active imagination.
