Defense witnesses are told beforehand which questions the defense attorney will ask in court. But the defense witness does not know the questions that will be asked by the plaintiff. This is why preparation is necessary because the witness should be clear about what he or she witnessed and should be able to answer a variety of questions about the incident.

personal experiences as an expert witness. It is our goal to use these real-life courtroom dramas as a vehicle for conveying information about psychology in general and memory in particular.

"The study of memory had become my specialty, my passion. In the next few years I wrote dozens of papers about how memory works and how it fails, but unlike most researchers studying memory, my work kept reaching out into the real world. To what extent, I wondered, could a person's memory be shaped by suggestion? When people witness a serious automobile accident, how accurate is their recollection of the facts? If

a witness is questioned by a police officer, will the manner of questioning alter the representation of the memory?

Can memories be supplemented with additional, false information?"

The "passion" Loftus describes in the lines above led her to a teaching career at the University of Washington and, perhaps more importantly, into hundreds of courtrooms as an expert witness on the fallibility of eyewitness accounts. As she has explained in numerous trials, and as she convincingly argues in this absorbing book, eyewitness accounts can be and often are so distorted that they no longer resemble the truth.

This New York Times bestselling novel from acclaimed author

Walter Dean Myers tells the story of Steve Harmon, a teenage boy in juvenile detention and on trial.

Presented as a screenplay of Steve's own imagination, and peppered with journal entries, the book shows how one single decision can change our whole lives. *Monster* is a multi-award-winning, provocative coming-of-age story that was the first-ever Michael L. Printz Award recipient, an ALA Best Book, a Coretta Scott King Honor selection, and a National Book Award finalist.

Monster is now a major motion picture called *All Rise* and starring Jennifer Hudson, Kelvin Harrison, Jr., Nas, and A\$AP Rocky. The

Mickey puts his team into high gear to exonerate Lisa Trammel, even though the evidence and his own suspicions tell him his client is guilty. Soon after he learns that the victim had black market dealings of his own, Haller is assaulted, too -- and he's certain he's on the right trail. Despite the danger and uncertainty, Haller mounts the best defense of his career in a trial where the last surprise comes after the verdict is in. Connelly proves again why he "may very well be the best novelist working in the United States today" (San Francisco Chronicle).

A masterful and deeply troubling expos é , Witness is the culmination of almost five years' work for award-winning investigative journalist Louise Milligan. Charting the experiences of those who have the courage to come forward and face their abusers in high-profile child abuse and sexual assault cases, Milligan was profoundly shocked by what she found. During this time, the #MeToo movement changed the zeitgeist, but time and again during her investigations Milligan watched

how witnesses were treated in the courtroom and listened to them afterwards as they relived the associated trauma. Then she was a witness herself in the trial of the decade, R v George Pell. Through these experiences, interviews with high-profile members of the legal profession, including judges, prosecutors and the defence lawyers who have worked in these cases, along with never-before-published court transcripts, Milligan lays bare the flaws that are ignored and exposes a court system that is sexist, unfeeling and weighted towards the rich and powerful. In Witness, Milligan reveals the devastating reality that within the Australian legal system truth is never guaranteed and, for victims, justice is often elusive.

Our memories are our most reliable sources of information about ourselves, our friends and lovers, our jobs. Or are they? We know we may occasionally forget someone's birthday, miss appointments, or lose track of details. But what about the times we're sure we remember something, only to find out it didn't happen that way? Memory is a look at man's oldest nemesis. Psychologist Elizabeth Loftus tells

us not only about the workings of the memory, but also why memory is a faulty faculty, an often unreliable source for the truth. She offers insightful analysis into the many dimensions of memory and discusses the ramifications of these findings in a variety of contexts and offers specific hints on fighting forgetting.
